- Implemented complex business logic, RESTful APIs, and real-time features using modern web technologies.
- Built AI-powered systems such as subscription billing automation, real-time chat platforms, profile quality analysis, and engagement optimization tools.
- Collaborated with cross-functional teams to deliver high-performance, secure, and production-ready applications across diverse domains.

KEY SKILL

- **Programming Languages:** Javascript, Typescript, SQL
- **Backend** - Node.js ,NestJS ,Express.js ,REST API Development ,JWT Authentication, Webhooks, Cron Jobs
- **Database** – PostgreSQL, MongoDB ,MySQL, TypeORM
- **Frontend** - React.js, HTML, CSS, Bootstrap
- **Cloud & Infrastructure:** AWS S3, CloudFront, Redis, Docker
- **Tools & Platforms** - Git ,GitHub ,Postman, VS Code, Antigravity

PROJECTS

Company Resource Management|ALITER SOLUTIONS|ReactJS, NodeJS, MongoDB, Git

Developed a comprehensive ticketing tool to manage internal and client issues, built a time-reporting dashboard to visualize daily project efforts, integrated CRM with Zoho to fetch estimate PDFs for streamlined workflows, and created RESTful APIs for a mobile ticketing module to ensure seamless data synchronization and performance.

Oodle (Dating app)|ALGOOCEAN|Nodejs, Nestjs, PostgreSQL

Developed subscription billing workflows using App Store and Google Play integrations with webhook-driven automation. Built AI-powered chat systems with memory management and real-time messaging capabilities. Implemented profile quality scoring using image analysis and bio evaluation algorithms. Developed automated image quality validation using Laplacian Variance blur detection. Designed engagement automation systems to improve user onboarding and retention metrics.

INFO-CALLING|ALGOOCEAN|Nodesjs, Nestjs, PostgreSQL

InfoCalling is an online consultation and appointment booking platform that connects users with doctors and lawyers for in-person and remote consultations across local regions and international locations. Developed backend APIs for appointment scheduling, booking management, professional availability, and consultation workflows. Implemented role-based access control and secure authentication mechanisms. Optimized PostgreSQL queries and business logic for high-volume booking operations. Integrated notification and real-time communication features for consultation management.

ACADEMIA

- B.E.(Mech)
Smt.Indira Gandhi Collage of Engineering(June2023).
- Diplomain(Mech)
Sant Gajanan College of Engineering Gadhinglaj(May2019).
- S.S.C
Maharashtra State board first class with distinction(May2015).

COURSE

- FSWD(MERN)Leetu Educational.

Place:Mumbai
